

# I THINK RED BLEND

## AWARDS

**Best of Class, Gold Medal**, 2016 Pacific Rim International, San Bernardino, CA

## CHARACTER

Given a glass of wine, a notebook, a pen, and an idea, you have the four variables needed to create the serendipitous spirit of discovery. I THINK is a barrel aged red blend that celebrates those moments of discovery. If ignorance is bliss, then knowledge is a challenge. If you're up to the task, choose to challenge your mind and your senses with a glass of I THINK red blend.

## WINEMAKING

Our blend of Merlot and Cabernet Sauvignon celebrates Bordeaux-style traditional winemaking. Grapes were harvested from the Lodi American Viticultural Area, where a warm, dry climate allows for full ripeness and high alcohol. Post primary fermentation, a secondary malolactic fermentation mellowed the natural acidity of the grapes and balanced the wine. Our dual-barrel aging process was designed to enrich the complex mouth feel of this unique blend. Utilizing tight-grain French Oak to release intense aromatics, and American Oak barrels to increase the tannin structure, the result is an elegant, premium red blend.

## SWIRL...

a smooth, garnet colored silk beauty that offers aromas of ripe plum layered with oaky vanilla.

## SIP...

and you will be enchanted by the weight of a rich dark cherry introduction that confidently hits the mid palate with vibrant black fruit and finishes with a hint of clove.

## THINK...

for a moment as you hold your glass, inspired by the perfect fusion of exceptional wine and enlightened thought.

## PAIR...

with London Broil and garlic mashed potatoes.

## WHAT DO YOU THINK?
